DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 14-17 and 23-25 are rejected under 35 U.S.C. 102(b) as being anticipated by Pedder, et al (EP 1253433 A1).

As regards to claims 14 and 23, Pedder et al teach a system and a method for adjusting an inductance of a plurality of resonator probes, including means for binding the motion of a plurality of tuning vanes so that each tuning vane adjusts a cross-sectional area of a segment of respective resonator probes; means to drive the binding means. Pedder et al further meet other limitations for claims 15-17 and 24-25 (figures 1, 4 and 5, numerals 19, 20 and 21; column 6 and 7, lines 57-58 and 1-10).

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Claims 1-13 are allowed, as the prior art of record does not teach a resonator probe suitable for use in a magnetic resonance based material detection system, including capacitance means electrically connected to the hollow resonator probe body, in combination with the remaining limitations of the claims.

Claims 18-22 and 26 are allowed, as the prior art of record does not teach or suggest a magnetic resonance based material detection and/or analysis system and

method, including capacitance means electrically connected to the hollow resonator probe body, in combination with the remaining limitations of the claims

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
